MOUNTVILLE NEWS.

Mountville, July 26.—The Rural School Improvement association met last Friday afternoon. It being the regular date for meeting. The attendance was small, but those present report a very pleasant and profitable session. The matter of buying a drop curtain for the stage was discussed, also the work of screening the windows. One pleasant feature of this meeting was the call of a public spirited citizen to make the society a generous proposition in regard to the gift of a valuable set of books. It is hoped that all who were absent last Friday, will make it a point to be on hand at the next meeting, July 30th at 5 o'clock.

From the way reports, suggestions and propositions, wise and otherwise, are floating around in the atmosphere, it seems that a class of our citizens are waking up to a realization of their responsibility to the community in which they live. It is a good sign to see men wanting to take a hand in affairs, to get up some push and begin to move things. But under a sudden wave of progressive enthusiasm, people are liable to become aggressive, digressive, and even transgressive. We can't predict the result of our present awakening. Perhaps we will have two or three cotton weighers in this 'gressive berg.

Many new methods are being suggested for the government of our various elections. In the course of time we may see the man raising two bales of cotton being privileged to cast one

vote for cotton weigher, while the man who raises one hundred bales, is allowed 50 votes. And the man who pays his one dollar poll tax, will cast one vote for congressman, also for state and county officers, while the man who pays one hundred or a thousand dollars tax, casts one hundred or a thousand votes. The man who has one child in school will be allowed one vote for trustees and teachers, while the man with twelve of fifteen children, may cast 12 or 15 votes and so on to the end of the list. But it's all man, man, man. Where does woman come in?

Mountville has enjoyed a splendid protracted meeting, conducted by the Rev. Mr. Hollingsworth, of Atlanta. Mr. Hollingsworth was formerly pastor of the Presbyterian church here, and is popular with all denominations.

His sermons were earnest and inspiring, and much enjoyed by all our people. The meeting closed last night.

Yesterday afternoon, Misses Edith and Marie Teague and Mildred Simmons went to Laurens to spend a few days with their uncle and aunt, Dr. and Mrs. J. H. Teague. We will miss our girls at home.
